

Tie Down Combo 4-Pack (Optional for GearWagon & LittleGiant Trailers)

Designed for use in all GearWagon Sport Trailer models and LittleGiant Trailer. Package includes mounting hardware for securing tie downs in trailer's C-Channel, which is located on the floor of GearWagon models, and on top of the LittleGiant Trailer sidewalls. Position at desired locations along track for flexible, yet fixed attachment points. Apply bungees, strapings, hooks, etc (not included) to Tie Downs.

Parts List

- 4 Spring Nuts, 1/4x20
- 4 D-Rings
- 4 Bolts
- 4 Fender Washers
- 4 Small Washers

Installation

- Step 1: Place spring nut into C-Channel. The rounded nut ends permit easy inserting. Pressing down with your thumb, turn 90 degrees clockwise to align the grooves in the nut with the in-turned edges of the frame.
- Step 2: Place Fender Washer on top of Spring Nut
- Step 3: Place D-Ring on top of Washer
- Step 4: Place smaller washer on top of D-Ring
- Step 5: Insert bolt through holes and tighten
